

<b>Job Title</b>	Postdoctoral Researcher
<b>PVN ID</b>	BA-2206-004869
<b>Category</b>	Research
<b>Location</b>	BARUCH COLLEGE
<b>Department</b>	Natural Sciences
<b>Status</b>	Full Time
<b>Annual Salary</b>	\$58,000.00 - \$62,000.00
<b>Hour(s) a Week</b>	35
<b>Closing Date</b>	Aug 14, 2022 (Or Until Filled)

## General Description

---

The Experimental Nuclear Physics Group at Baruch College, City University of New York, is seeking to hire a Post-Doctoral Fellow to conduct research under the supervision of Professor Stefan Bathe. The group is involved in leading positions in the heavy-ion physics program of the sPHENIX and PHENIX experiments at RHIC and will be part of the EIC Detector-1 collaboration. The candidates are expected to have a leadership role in the commissioning and first data analysis with sPHENIX, with a possible role in EIC Detector-1 studies.

## Other Duties

---

The position will be based at Brookhaven National Laboratory, with travel to other locations for experimental work or conferences/workshops as appropriate.

## Qualifications

---

A Ph.D. in experimental nuclear or particle physics is required for the position.

To apply, please submit the following materials:

1. Cover Letter
2. CV, including Publication List
3. Transcripts/Proof of Degree
4. Contact information for two references

Please arrange for two letters of recommendation to be sent directly to the following email:  
stefan.bathe@baruch.cuny.edu.

Review of the applications will begin immediately and will continue until the position is filled. For any questions, please contact [stefan.bathe@baruch.cuny.edu](mailto:stefan.bathe@baruch.cuny.edu).

Note: Application materials will not be accepted via email. For consideration, please apply through:
