High School Instructor (*In-Person*)

Course: Physiology

Description: Physiology is the study of physical and chemical processes within the human body. Students will explore how the body works in health and with disease. This course will cover the functions of various organ systems, such as digestion, respiration, and reproduction.

Additional Information: This course is designed for students interested in health careers.

Application submission deadline: May 15th

Summary of Responsibilities:

The STEP Academy at Baruch College is seeking to fill a summer instructor position for the high school program. The course will introduce high school students to an intensive science subject for a month. The goal of the course is to engage students in an exploratory science experience, not provided in a standard classroom. Instructors will prepare students to participate in the annual showcase displaying research posters, projects, or visual presentations.

Schedule

Start Time: 9am

Instruction Hours: 9:30am-2pm

Other Duties

- Prepare and teach curriculum for about 20-25 students
- Evaluate student and group performance often
- Provide staff with measurable results in student learning through assessments
- Monitor and maintain student attendance records
- Reassess curriculum to account for students' needs, interests, and understanding of materials
- Plan for end of semester project

Qualifications

Required

- Availability for each program day from 9 a.m. – 2:00 p.m.
- Degree in computer science, engineering or related STEM
- Experience in a teaching capacity in subject area
- Experience with designing/implementing a course curriculum
- Have a strong classroom management style

Preferred

- Strong background in the subject area
- Prior teaching experience with middle or high school students
- Ability to engage students with creative lessons and innovative teaching style
- Possess good interpersonal skills with adolescents and a strong understanding of their maturity levels
- Enthusiasm for the subject with flexibility in adjusting curriculum to reflect students' abilities

Salary

\$4,500 | \$45 x 100 hours | This includes 72 hours of instruction time + 28 hours of orientations, meetings and prep work.
