
Job Title	MHSBS RESEARCH COORDINATOR
PVN ID	HC-1601-000920
Category	Research
Location	HUNTER COLLEGE
Department	BIOLOGY
Status	Full Time
Annual Salary	\$45,000.00 - \$55,000.00
Hour(s) a Week	35
Closing Date	Mar 06, 2016 (Or Until Filled)

General Description

MHSBS research coordinator (RC) will be a liaison between Hunter College and Manhattan Hunter Science High School (MHSBS). She/he will mentor high school students from the tenth grade through their first year at Hunter College. The RC will also develop course curricula, assist on teaching two courses at the high school, Molecular Biology of Disease to tenth graders and Biotechnology and Science to eleventh graders, and assist students as they transition from MHSBS to Hunter College.

Other Duties

The RC will also operate and maintain the Research Techniques Facility (RTF) at Hunter College. The RC will further develop the academic year RTF workshop, and supervise undergraduates and MHSBS students going through the RTF workbook.

This is a temporary six month position.

Qualifications

Requirements for the RC position include a PhD in molecular biology and an interest in teaching both at the high school and college level.
