## General Description

---

### Senior Research Associate Position

LaGuardia Community College and the CUNY School of Public Health and Health Policy

#### *Study: PrEP Uptake among Black Women*

LaGuardia Community College, in collaboration with the CUNY School of Public Health, is hiring a **Research Associate** with experience doing sexual health research with women of color.

Position Description: The Research Associate will be working for 9 months, on an interdisciplinary, qualitative research study, which aims to determine barriers to Pre-Exposure Prophylaxis (PrEP) uptake among black women. The Research Associate will perform simple to moderately complex research and analytic activities as part of a research team or working individually, that is, the work occurs under various degrees of supervision. Part-time or full-time position available.

## Other Duties

---

### Responsibilities:

- Assist in the IRB approval process, as well as with any additional amendments;
- Implement the participant recruitment plan including community-based outreach;
- Screen and enroll participants;
- Facilitate focus groups (training will be provided);

- Review study transcripts for quality assurance;
- Perform tasks related to qualitative data collection;
- Code transcripts and participate in team meetings to ensure coding fidelity;
- Follow study protocols and accurately document research findings for gathering qualitative and quantitative data;
- Keep accurate, well-organized records;
- Ability to handle multiple tasks at a given time;
- Maintain confidentiality as required by the project or as directed by supervisors;
- Assist in literature reviews for papers or presentations;
- Perform other duties as assigned;

## Qualifications

---

- Doctoral candidate preferred, (minimum of a Master's degree)
- 2 years of training and experience in behavioral research settings;
- Background/training in sexual health research with women of color;
- Proficiency in qualitative analysis using NVIVO;
- Proficiency with Qualtrics
- Extensive experience with Microsoft Office and Access database management.

Applicants must be self-starters, highly motivated, and have exemplarity abilities to multi-task.

Salary: Commensurate with experience.

Benefits: Full-time employees have access to range of benefits including health, vision, dental, retirement, paid sick leave and paid vacation. Part-time employees accrue benefits including paid sick leave and vacation.

To apply: Submit a cover letter outlining research experience and resume/CV when applying to this posting. CUNY is an equal opportunity employer.
