- Performs related duties as assigned.

Other Duties

The Office of University Controller [OUC] oversees four key financial areas for the University: Accounting, Financial Reporting and Accounts Payable; Treasury and Cash Management; Investments; and Procurement including Minority and Women Owned Business Enterprise (MWBE) program support. OUC administers the accounting, purchasing, and banking functions for all Central Administration offices and departments, while providing guidance to the University Community on various financial practices and policies.

Reporting to the Director of Treasury Services, the Associate Director of Cash Management will be responsible for all aspect of the cash management function, including the development and management of systems for the effective collection of revenues and payment of obligations. Responsible for providing leadership and direction to ensure designated cash processing, reconciliation and reporting functions are completed in a timely manner while in compliance with policy and regulations.

Key responsibilities include, but will not be limited to the following duties:

- Directs cash management operations to include daily cash administration, management of current accounts and bank relations.
- Reviews and drives improvements in cash management, ensuring financial obligations are met in accordance with policies and procedures.
- Timely reconciles cash receipts and disbursements.
- Monitors cash transactions to ensure that bank accounts balance to the report and any unusual items are investigated. Reconciles all University Central Office Treasury bank accounts on a daily basis.
- Forecasts, monitors and tracks cash flow (weekly, monthly, quarterly etc.)
- Prepares cash flow reports to identify and evaluate variances.
- Review, approve, and post Treasury entries in the cash management system (Financial Edge).
- Support the University Treasurer in efficiently managing the financial resources available with respect to resources, as well as staffing.
- Manage the banking entitlements and online processing for all University Central Office Treasury bank accounts.
- Monitor central treasury cash and investment accounts and bank fees.
- Develop financial data models for decision making.
- Manage the University's bank compensating balances to ensure that all funds are appropriately being used to offset service charges and invested when not needed.
- Manage the University's Adjunct Health Care Payment Program, including communicating with the University Benefit's Office, coordinating all payments and receipt of funds and reconciling all program files.
- Liaison for all audit matters related to Cash Management.
- Assist in the CUNYfirst cash management module implementation.
