General Description

MISSION

Children need to spend their most critical years with dedicated, educated, trained, and well-compensated individuals in order to thrive. The New York Early Childhood Professional Development Institute leads the work to establish and implement an early childhood workforce system to ensure funding, standards and competencies, career development resources, qualifications and credentials, professional development (training and strengths-based coaching), and program quality assurance and improvement for individuals who work with young children throughout New York. Housed at the City University of New York, the Institute is a fast-paced, dynamic public/private partnership that is committed to the early childhood workforce across New York State.

GENERAL DESCRIPTION

The NYS Early Childhood Social Emotional Associate supports the work of the PDGB-5 (Preschool Development Grant Birth to Five) Grant project as it relates to the NYS Early Childhood Advisory Council (ECAC) and will identify and coordinate across the four focus areas of the ECAC Strategic Plan building awareness and delivery of early childhood mental health (ECMH) services in NYS. The position will include identification and analysis of ECMH data and program models. The position will involve frequent written and oral communications with a wide variety of people, including executive and management staff, co-workers, program and administrative staff, representatives of businesses and organizations, and the public. This position is integral to the work of the Preschool Development Grant Birth through Five initiative and the ECAC and will require regular communication with the NYS Early Childhood Social Emotional Coordinator and PDG B-5 Manager, as well as members of the ECAC focus areas and NY Early Childhood Professional Development Institute staff.

This position is based at the Council for Children and Families, in Albany. Out-of-state travel is required at least one time during the grant year. Some in-state travel and occasional evenings and/or weekend work will be required. This is a federally-funded grant position through December 2019 with a strong possibility for continued funding after Dec. 2019. Salary will be pro-rated based on the length of this project.
