

DIFFERENCE BETWEEN SHORT VS. LONG-FORM METHODS

Short-Form or Simplified Method

Long-Form Method

Less than \$10 million in federal and federal pass-through support

\$10 million or more in federal and federal pass-through support

Relatively easy to prepare

Each proposal takes several months to prepare

Uses 1 simple calculation to create 1 single F&A rate for all sponsored agreements

Separate F&A rates calculated for Research and OSA agreements

Salary and Wage (S&W) base

Modified Total Direct Cost (MTDC) base

No space survey
